Capturing NSU's History through Storytelling

The NSU Alumni Association invites you to participate in the **Northeastern Reflections NSU Alumni Oral History Project**. Northeastern Reflections is an ambitious endeavor that unites Northeastern alumni across generations by gathering stories and collecting memories in a one-of-a-kind publication that brings the NSU experience to life. We are interested in your oral reflections and tributes, preserving diverse stories and perspectives of NSU history for generations to come.

PCI Partnership

The NSU Alumni Association has partnered with Publishing Concepts (PCI) to gain access to its experienced, trained staff. PCI associates will listen to your stories and assemble information into a publication. Please note that we have only shared your contact information with PCI in conjunction with this project. **We have NOT sold your personal information or otherwise used it for outside marketing purposes.**
