2021 WILL BE OUR GOLDEN JUBILEE YEAR

For the Golden Jubilee we need your help with a beautiful publication:

MIU REFLECTIONS: AN ALUMNI HISTORY PROJECT

Maharishi International University invites all Alumni to participate in the creation of an oral history publication that unites MIU Alumni across generations.

The project is an opportunity to gather stories and collect memories that bring the MIU experience to life.

We are interested in your reflections and tributes, and we hope that this endeavor will preserve MIU's history for generations to come.

YOUR STORY

What MIU story will you tell? What memory is most special? It can be serious or lighthearted, a heart-felt tribute or with a bit of humor. The experiences of MIU Alumni are unique, and variety is welcomed.

- What made you choose MIU?
- Did a professor or staff member have a profound impact on your life?
- Have college connections developed into lifelong relationships?
- How did the focus on self-development through the TM Program® affect your experience at MIU?
- How has MIU impacted your career success, relationships and/or life after graduation?
- When you think back on your time at MIU, what makes you smile?

which makes you smile.
